Hi There,

I wanted to personally invite you to this year's **Flock Forward conference**, happening August 4-6 in Atlanta, GA.

Last year, I had the opportunity to attend the inaugural event, and I can say without hesitation—it proved to be one of the more impactful public safety conferences I've participated in—offering real value through meaningful discussions, new technology insights, and powerful networking opportunities.

This year, I'm proud to be back—not just as an attendee, but as a presenter. I'll be sharing and discussing with other public safety leaders how Flock Safety's advanced technologies helped enhance public safety and support officers in the community I served in as a Police Chief in San Diego County.

Whether you're already using Flock or are just exploring ways to make your community safer, **Flock Forward is the place to connect with forward-thinking leaders,** learn from real-world success stories, and get a firsthand look at what's next in public safety technology.

A sneak peek of the agenda is coming soon, and I can tell you...it's shaping up to be even bigger and better than last year.

I hope you'll join me in Atlanta this August. It's more than a conference - it's a chance to move the mission forward together. You can register here.

Let me know if you have any questions. Hope to see you there.

All the best,

Mike Moulton
Consultant | Flock Safety
Retired Police Chief, City of El Cajon
